Summary:

The indictment starts by explaining that KCK is one of four affiliated organisations which aim to establish an independent Kurdish state. KCK, which is controlled by the PKK, constitutes the subgroup based in Turkey. The other subgroups are PJAK in Iran, PÇDK in Iraq and PYD in Syria. Each of these subgroups aims to establish the infrastructure required for an independent Kurdish state in the regions where they operate. The reason some of PKK's membership is constituted by citizens of foreign states (ie. Non-Turkish citizens) is that these four groups are linked because the envisioned Kurdish state is to be founded on the land of the four states mentioned above.

As for the relationship between KCK and PKK, the indictment states that PKK, which is recognised as a terrorist organisation, has used different names such as KADEK and KONGRA-GEL at various times in order to disguise itself. KCK is the political arm of the PKK. According to the indictment, KCK and DTK (Congress of Democratic Society) are political structures which have started to effectively divide the territory of the Turkish state but their status as political structures enables them to legitimise these activities. Thus, the indictment refers to PKK and KCK as a single entity, "terrorist organisation PKK/KCK".

The indictment then proceeds to explain the history of the organisation. This part describes the phases the organisation went through until it started to be known as KCK, the meetings it held and the decisions made in those meetings. It also details the executive structure of the organisation and its activities to date. It is alleged that the terrorist organisation PKK/KCK conducted its "Fifth General Meeting" between 16 and 22 May 2007. 213 members attended the meeting and it was

decided that the name of the assembly would be changed from KKK (Koma Komelan Kurdistan - Democratic Confederation of Kurdistan) to KCK (Koma Civaken Kurdistan –Democratic Assembly of Kurdistan). It was also decided that the branch operating in Turkey would be referred to as KCK/TM.

Subsequently, KCK/TM held another meeting on 12 and 13 January 2008. This meeting was referred to as “the Democratic People’s Assembly” by affiliated media organisations. The delegates at the meeting decided to adopt a document called “the Democratic Society Agreement”. This document is based on “the KCK Agreement”, which functions as the constitution of the terrorist organization, and it refers to KCK/TM as “the Democratic People’s Confederation of Turkey and Northern Kurdistan.”

The indictment then proceeds to make numerous allegations about KCK based on the historical information it has given. These are:

- The terrorist organisation has been known as KCK (Koma Civaken Kurdistan) in the recent years.
- KCK is an umbrella structure encompassing the terrorist organisation PKK/KCK.
- It encompasses Turkish, Iranian, Iraqi and Syrian territory. The terrorist organisation’s operations in Turkey are conducted under the name KCK/TM (Koma Civaken Kurdistan/Assembly of Turkey).
- The KCK structure has been established from May 2007 on in order to reach the organisation’s original goal of a united (confederate) and independent Kurdistan.
- The structure of KCK, the workings of its inner system and the roles of various sub-units are detailed in the “KCK Agreement”, which is comprised of fourteen parts. This document envisages a confederate state, led by Abdullah Öcalan (the leader of the organisation) and incorporating legislative, executive and judicial powers.
- The organisation adopts a strategy it calls “inclusive defence” (based on deploying all available resources, refers not only to military action but also to social, cultural etc factors and resources) in Turkey.
- Its latest strategy, adopted as of 31 May 2010, is one “based on social engineering and having both armed/military and political aspects”. This strategy is meant to facilitate democratic autonomy and is intended to “protect the existence of Kurds and ensure their freedom”.
- Under this strategy, the organisation has accelerated its activities including acts of violence (armed attacks), acts in mass and acts of politicisation and it has thereby deployed all of its resources in a struggle for its own existence.
- In accordance with its strategy, the terrorist organisation has established educational centers called “Political Academies” in various cities with the purpose of increasing its political activities, stimulating political ideas in line with its aims and ideology and building a different society by training individuals in accordance with its ideology.
- The training provided in these “Political Academies” closely parallels the political training provided by the terrorist organisation in its camps/bases in previous years.
- The organisation aims to gain societal support by imposing PKK’s ideology on innocent citizens, especially those of Kurdish origin, and it envisages that a Kurdish state will be established through a civil uprising. The fall of the Egyptian government after the civil uprising in Tahrir Square has been cited as an example in some KCK meetings, accompanied by the request to turn Diyarbakır into Tahrir. KCK, DTK and the Political Academies are the various means by which the terrorist organization PKK/KCK implements its strategy of gaining support from the general public and causing a civil uprising in order to divide the Turkish state.

- Members of the public are indoctrinated in these “Political Academies” under the guise of education and through other civil structures (like foundations) under the guise of the provision of cultural activities. These people who are trained in the organisation’s ideology are then either sent to rural areas or deployed in the organisation’s urban structure.

SUSPECTS/EVIDENCE

2. IBRAHIM BILMEZ

The conclusion of lawful and physical interception of EMAIL and ADSL lines' minutes, physical tracking with technical tools and camera images compared are:

Ibrahim Bilmez entered Lavinya passage on 22.04.2011 during 15:19:33 ile 16:09:59 and searched organisational/rebellious material.

Following the weekly meetings between Ocalan and his lawyers at Asrın law firm, his lawyers received organisational instructions which were then turned into text and stored in the drafts section of emails known only to a select few in the management of the organisation. As such, it is possible to see the organisation is led and managed through OCALANS instructions via the lawyers.

Media partners controlled by PKK/KCK

<http://www.diclenews.com/1//viewNews/235386>

Bilmaz makes a statement on the above website on 10 Dec 2010 states that to record the conversation between lawyer and client is to eradicate the rule of law. These punishments are against the Turkish constitution.

Following the investigation, and pursuant to s.220/7 and 314.2 of the TCK, Bilmez was accused of knowingly and willingly helping the organisation and being a member of the organisation and as such a lawsuit was brought against him in the Istanbul 14. ACM.

09.01.2011: Following the publication of another news piece on the same website above, Bilmez claimed no television was provided for Ocalan and that Ocalans lawyers would be given notice if this was to happen. Therefore he denied reports in the press that a TV was given.

03.02.11:

in another article, Bilmez gives a statement saying Ocalan has had no physical contact with his family or lawyers for the past 12 years. Additionally, every conversation between Ocalan and his visitors are recorded, with a guard present at all times.

News pieces like the above have been published, and when the above articles are compared and assessed together, it is clear that the suspect Bilmez works within the leadership committee of the terrorist organisation PKK/KCK

General matters of discussion in the evidence section

The meetings with Ocalan and his lawyers were transcribed and turned into drafts in emails and shared between the individuals we had been investigating and the organisations leaders abroad. As such, they created an information network for the PKK/KCK.

In addition, following a number of changes, the notes between his lawyers and Ocalan were published on websites supporting and/or sympathetic to the beliefs of the PKK. Therefore, Ocalans terror organisations beliefs were advanced through the mediation of the lawyers who acted as a go between the organisation and its followers and Ocalan who provided guidance and instructions who directed and managed the organisation through these meetings with his lawyers.

Following a physical and technical investigation of the suspect, it's noted he visited Ocalan 61 times during 2005 & 2011

When analysing one meeting the suspect attended along with lawyers Ömer GÜNEŞ, Muharrem ŞAHİN, Fuat COŞACAK on 12.05.2010, some of the topics discussed include Ocalan's mental health and body language, his health, BDP members' US visit and their representation there, operations, clashes etc,

During the meeting, Ocalan and the suspect lawyers discuss:

The suspects communicated the work of the armed unit of the PKK, that is, the HPG, and when communicating the recent work of the HPG, they noted that the use of the term guerrilla goes against the PKKS doctrine.

They provided additional information on the Iranian wing of the PKK – PJAK, and its activities.

They received instructions by Ocalan to write a letter to the Syrian leader Bashar al Assad, Mesut Barzani, and Celal Talabani in Ocalan's name.

The suspects received instructions to open up a law firm like the one they belong to, Asrin law firm, in Iraq.

That they need more members and staff believing in the PKKS ideology and activities, and that they should establish a "political academy" from which they can recruit such members.

To accelerate and further the establishment of the political academy, to have it organised within the 81 provinces. That the BDP and Doğan ERBAŞ ve Aysel TUĞLUK should increase their responsibility in the organisation of this academy.

That a medium but consistent sense of war in Turkey has begun by the PKK and clashes by the organisations members following on from this.

Ocalan's statement, 'I resigned from many things 4 years ago, however on the request of the DTP and PKK I did certain things,' this means while he was in prison the requests of the DTP and PKK officials came to him; therefore he was leading the terror organisation; and these requests came to him via the closed information network they created; the transfer of information and instructions in question were transferred between Ocalan and top level leaders in the PKK;

Ocalan gave his instructions on writers and subjects to appear on the magazine Dipnot.

During the meeting of 04.06.2010 between Ocalan and his lawyers Ömer GÜNEŞ, Cemo TÜYSÜZ ve Mehmet Sani KIZILKAYA, the following subjects were discussed: his wellbeing, developments on politics academies, the preparation of a democratic constitution, Ocalan made clear remarks and instructions.

Ocalan and Lawyers discussed:

The lawyers tell Ocalan that the organisation respects his supposed decision to remove himself from the leadership of the PKK/KCK.

The meeting on 18.08.2010 between Ocalan and his lawyers Ömer GÜNEŞ, Mizgin IRGAT & Sabahattin KAYA includes discussions of: boycotting the general referendum, campaign to overcome rape, the form of the mid-sized war in Turkey, cultural genocide and the right to speak in the mother tongue; instructions on pieces for Dipnot.

The umbrella organisation that is the PKK under the leadership of Ocalan, the organisations' mass and armed protests, propaganda activities and the organisations message must be spread across the public opinion, any legal attempts to thwart the PKK's activities must be protested against by the population and the operations by the government must be prevented.

The previous instruction to boycott the referendum was successfully carried out in Hakkari/Yuksekova and this should be followed by the organisations members everywhere.

The meeting of 19.01.2011 between Ocalan and lawyers Hüseyin ÇALIŞCI, Doğan ERBAŞ, Ömer GÜNEŞ ve Mehmet Sani KIZILKAYA: preparation of Ocalan's defence, supposed Kurdish genocide,

KCK operations, boycotting of imams, Hezbollah members taken into city councils, veiled suggestion for KCK to uprising, the birth of a democratic national alliance, Dipnot magazine as above.

During this meeting, it was argued that any suspect who is tried and sentenced due to the operations carried out on the PKK/KCK are supposed hostages, and therefore they should not appear in court, and protest court.

Due to the cultural genocide, some religious figures and institutes should be boycotted, and there should be civil unrest and contempt.

As the fourth era of the organisation, they must therefore protect the existence of the organisation and the activities of the organisation should help free the leader Ocalan, BDP should be more cautious, protests should increase across the country.

04.05.2011 meeting between Ocalan and Ömer GÜNEŞ, Mustafa ERASLAN, Nevzat ANUK ve Asya ÜLKER. They discussed: his wellbeing, upcoming DTK meeting, the events after YSK's decision over the 12 independent MPs, Ocalan's lawyers being bourgeois therefore ineffective amongst the population and other such criticisms, the organisation in the press, Ocalan threatening the government, criticises senior leaders of PKK in North Iraq, KCK in Russia and conference held there, inquiring as to whether imprisoned KCK members can work, Ocalan's praise of members who burn their bodies for the cause and to send this message to the organisation and whether this can be taken up seriously. Ocalan instructs Roj TV to advance and develop itself to further the cause.

18.05.2011 meeting between Ocalan and Ömer GÜNEŞ, Muhdi ÖZTÜZÜN Sabahattin KAYA ve Mehmet BAYRAKTAR. They discuss: the letter and 3 drafts Ocalan sent to PKK/kongra gel and its managing body; Iraqi president's assistant Tarık El-Haşimis desire to mediate between Turkey and the PKK; columnists, to transfer European KCK members in order to organise Syrian Kurds, those who have been imprisoned for KCK activity and their supposed status as hostages and a possible hunger strike;

01.06.2011 meeting between Ocalan and Ömer GÜNEŞ, Mensur IŞIK & Hakzan SADAK. The following were discussed: Kurdish national conference and activities with the leadership of the DTK; 11th KNK national board; Murat Karayılan and Cemil Bayik's press releases; journalists' commentaries, general election activities; the possession by the public of the so called terrorists funeral suggests sympathy and high moral; the creation of an umbrella party wherein all organisations can partake after the elections;

The telephone conversation between on 14.06.2011 between:13:57 on the number used by ÖMER GÜNEŞ and 905304914100 used by İRFAN DÜNDAR: this telephone conversation was made on Wednesday, a day before the meeting with Ocalan and taking place between the leadership of the KCK and lawyers at Asrin Law Firm, and the purpose of this meeting is to determine the organisational information that will be given to Ocalan and to determine the instructions Ocalan will then give the Buro and the rest of the organisation.

Telephone conversation of 24.06.2011 at:19:48 between ÖMER GÜNEŞ and SEBAHAT TUNCEL, where BDP MP Tuncel inquires about the meeting with Ocalan and Gunes requests BDP Vice president Selahattin Demirtaş' telephone number so he can communicate the instructions by Ocalan when they meet on 24.06.2011. Gunes subsequently calls Demirtaş and discusses the above.

Gunes also calls FAİK ÖZGÜR EROL on 16.08.2011 to deliver the same message as above, that he needs to communicate Ocalan's instructions.

The telephone conversation between Omer Gunes and Irfan Dundar suggests they communicated their meeting with Ocalan to the press however were worried their names appeared in the papers.

17.01.2011 ÖMER GÜNEŞ and AYSEL TUĞLUK: Tuğluk calls Gunes stating she wants to attend the next meeting with Ocalan, Gunes notes she can attend for political reasons but if not, she can attend the following week, both are aware of possible tapping into their calls and therefore prevent themselves from speaking further.

20.01.2011 ÖMER GÜNEŞ and Havva [Ocalan's sister] discussing his wellbeing and asking Omer to tell Ocalan that a Osman Keser is a candidate for MP, but Gunes notes they were restricted for time and could not discuss organisational matters.

04.02.2011 conversation between Gunes and Demirtas:
Gunes invites Demirtas and Gultan Kisanak to ASRIN Law firm to communicate the message he received from Ocalan on 02.02.2011. Demirtas attends the firm on the 5th to collect the organisational material communicated by Ocalan.

04.03.2011 conversation between Gunes and ALF secretary Zeynep: discuss flash disc containing dialogue with Ocalan; results of the meeting between lawyers and KCK leaders; turn the dialogue with Ocalan into text and distribute to senior leaders and supporting mass via internet cafes;

06.05.2011 conversation between Gunes and unnamed media personality from Gunluk Paper: the unnamed person speaks in praise of Ocalan, that as a paper they have questions they would like to ask Ocalan, and that they had made a request before but to no avail; Gunes provides his email.

08.03.2011- A telephone conversation between the secretary Zeynep at Asrin Law Firm and Asya Ulker talk, the secretary Zeynep informs Asya Ulker that the meeting between Ocalan and his lawyers have been postponed, this conversation is made using obscure language. It is detected that Ocalan's lawyers and the lawyers during the interview to take place will be made for the transfer of organizational information, before every meeting between Ocalan and his lawyers, Asrin Law firm and the Leadership Committee held meetings with Ocalan's lawyers.

The conversation topic on the USB is cryptic of Ocalan's meetings with his lawyers; And the meetings held between Asrin Law firm and Ocalan's lawyers. Notes were taken down in the meeting held between Ocalan and his lawyers, and these notes were transcribed into text as direct orders from Ocalan for KCK members, these texts were further sent to top KCK members from Internet Cafes. The USB that is mentioned in the conversation held the documents from the meeting.

12.08.2011- A conversation between Asrin Law firm. lawyer Omer Gunes a KCK member and activity leader and Roj TV presenter Mehmet discuss Ocalan's plans and mission and also asked about a road map; Lawyer Omer Gunes suggest that the direction that they have received from Ocalan and information received from ECHR will be made into brochures and booklets to negate the Kurdish peoples beliefs in the Government and that the brochures will help the KCK to deter the governments projects in the region; also the PKK will be gaining members to further advance in deteriorating the governments and causing divided opinions.

12.08.2011- A call made by Asrin Law firm, Omer Gunes from the number 905302404812 to Male suspect who is broadcasting PKK agenda discuss whether they have yet to apply for a meeting with

Ocalan and also asking about Ocalan opinion on the ongoing political process, to this Omer Gunes says that they apply for a meeting on a weekly basis and further saying that Ocalan is saying praises and that Ocalan should be freed. Also saying that through Roj TV broadcasting, and particularly for Kurdish people's trust should weaken for the courts and the government, and to also suggest that the projects that the government is taking up if failing, suggesting that this information should be shared; this will be effective in the course of setting the foundation to strengthen PKK's mission to divide and to build a terrorist organisations.

12.08.2011- conversation between Omer Gunes and male suspect; a programme that Omer Gunes has spoken was based on the notes that Ocalan had given in his meetings to his Lawyers; and further suggesting the process in which they will apply for further meetings with Ocalan.

3) Following tapping on ADSL lines and emails re the closed information network; meeting notes; observation notes; additional notes; organisational instructions and communications: information was sent between users of emails at Omeyra and Lavinya Internet cafes.

Following physical investigation, telephone tapping and ADSL monitoring, it is clear that Omer Gunes, entered Omeyra café to work on and TABLO 12 and entered and searched organisational material on the computer.

Thus following on from the weekly meetings between Ocalan and the suspected Lawyers, the lawyers received organisational instructions from Ocalan and then purported to turn these into text at ALF; they then saved these texts onto the drafts section of emails known by a select number of senior leaders within the PKK at cafes near the ALF; therefore with the intermediation of the lawyers, it is clear that within the framework of Ocalans instructions the PKK is managed and directed.

Ocalans terrorist organisations aims are advanced through the mediation of his lawyers who attend weekly meetings from which they make notes, make several changes to these notes, attach these to the draft section of a select few emails possessed by a small number of senior leaders within the PKK; this information is then disseminated to leaders abroad and thus the PKK is hereby governed through the instructions given to these lawyers.

The information we have on the above suspect EROL following various forms of investigation as detailed earlier indicate firstly he visited Ocalan twice between 27.04.2011 ve 18.07.2011 and they discussed various topics during his visit including the general elections; operations, clashes, Murat Yilans supposed statement about guerrillas, Jumah prayer protests, KCK prisoners to be freed and other matters relating to the organisation.

01.02.2011 conversation between Emran EMEKÇİ and Mehmet BAYRAKTAR where the two discuss a meeting with Ocalan that didn't take place due to bad weather conditions.

7-) Cengiz KAPMAZ

To prevent repetition of the above evidence, only those relating to the suspect are here.

It has been understood from Cengiz Kapmaz's several telephone conversations that he is involved in the organisation actively and has been taking actions as one of the key people of the terrorist organisation.

On 25.01.2011 at 16:47 – The 'panels' mentioned in the telephone conversations between Cengiz Kapmaz, Media spokesperson of Asrin Law Firm which coordinated KCK Leadership Committee and advocates Ocalan, and Giyasettin Mordeniz, member of BDP, were organised in several cities of Turkey including Istanbul to inform Ocalan's followers that he had been arrested and brought to Turkey on 15 February 1999. The panels took place between 01-15 February 1999 aimed the propagation of Abdullah Ocalan and increase the support for him.

On 11.01.2011 at 12:42 – Journalist Asli Aydintasbas Alptekin (mobile number 00905337447509) called the Media spokesperson of Asrin Law Firm which coordinated KCK Leadership Committee and advocates Ocalan Cengiz Kapmaz, on mobile number 00905285088846, and tried to obtain information on a TV programme which Cengiz Kapmaz would be attending to speak on BDP, Southeastern Turkey and Hizbollah.

On 14.01.2011 at 20:00 – Ahmet (mobile number 00905337307492) called Cengiz Kapmaz on 00905285088846, to inform him that the book entitled 'Ocalan's days in Imrali' written by Cengiz Kaplan himself is ready to publish and asked him whether there are any sections to be removed or added to the book. (The book was published in February 2011 and is included in the file as evidence.)

On 18.01.2011 at 14:24 – The telephone conversation between Cengiz Kapmaz, on mobile number 00905285088846, and Roj TV, on 00903253663671, was on the mutual agreement of the failure of the Turkish government in democracy, the Kurdish and the Shia issues. They both agreed that the support for AKP from the Southeastern and Eastern Turkey population had been declining.

On 19.01.2011 at 12:49 – The telephone conversation between Cengiz Kapmaz, on mobile number 00905285088846, called Irfan Dunder on 00905304914100 to inform him that he had detected the name behind the news on Taraf or Hurriyet Newspapers on BDP or Asrin Law Firm. Cengiz Kaplan warned Irfan Dunder not to tell it to anyone and told him about his book.

On 03.02.2011 at 16:42 – The telephone conversation between Cengiz Kapmaz and the legal media body of terrorist organisation PKK/KONGRA-GEL was deciphered and claimed to be on the meeting of Abdullah Ocalan and the lawyers of Asrin Law Firm Aysel Tugluk, Cengiz Cicek and Mizgin Irgat on 02.02.2011.

The lawyers' meetings with Ocalan are always followed by a meeting with KCK Leadership Committee members in order to evaluate his situation and to convey Ocalan's organisational ultimatums. These are also produced in a word document under the name of 'Notes from the Meeting' and distributed to the necessary points via e-mail.

On 20.02.2011 at 13:49 – In the telephone conversation between Cengiz Kapmaz and a male, Mr. Kapmaz called Ocalan as 'the President' and talked about Ocalan's greetings on his book entitled 'Ocalan's days in Imrali'. Cengiz Kapmaz also mentioned his intention to become an MP candidate for Istanbul in the next elections. He mentioned that he would not be able to announce his intention and a request from BDP would be necessary. An ultimatum from 'the President' would guarantee his candidanship. As an answer to the question on whether Dogan Erbas – one of the lawyers of Ocalan- would be in relationship with Ergenekon, Cengiz Kapmaz assured him that it would not be possible and claimed that Hatice Korkut –one of the lawyers of Ocalan- should have been questioned instead.

20.02.2011 telephone conversation between Kapmaz and ROJIN: Rojin calls Kapmaz and tells him that his book titled 'IMRALI DAYS' has been pirated and distributed from a bookshop in VAN, she tells him they should make a complaint, Kapmaz says "whoever has done this should be sent to the KCK court of justice system, they will have capital punishment there," "they shouldn't be sent to the Turkish Republics court of justice, they no longer have capital punishment, we should send them to the KCK justice system."

He also says the senior leadership of the KCK should embrace the book too, after which time Rojin warns him of their phones being possibly tapped. An observation of the meetings the suspect has held with Ocalan shows: a number of topics were discussed including Ocalan's wellbeing, operations, clashes etc, KCK abroad, developments in Syria vis-a-vis PKK, Kurdish uprisings, BDP representation in Erbil Iraq, etc.

Following the weekly meetings with terrorist leader Ocalan who was detained in Imrali prison and his lawyers at Asrın law firm, his lawyers received organisational instructions which were then turned into text and stored in the drafts section of emails known only to a select few in the management of the organisation. As such, it is possible to see the organisation is led and managed through OCALANS instructions via the lawyers.

11.04.2011: ORUC calls CENGİZ CİCEK, one of Ocalans lawyers, telling him that an NTV journalist named Tayfun TALİPOĞLU sends his greetings to Ocalan via Cicek, however CİCEK says Ocalan may ask for details therefore ORUC should deliver the message himself.

Istanbul chief public prosecutor's office (CMK) have accused BARAN PAMUK on 10.06.2008 along with other lawyers of being a member of an "armed terrorist organisation" and therefore they must be punished and prohibited from representing OCALAN from hereon.

Following the weekly meetings with terrorist leader Ocalan, his lawyers turned the minutes of the meetings into text, the first draft was named "first notes", several changes were made to these named under meeting notes 2, "meeting notes 3 etc. These notes were then saved onto the drafts section of commonly used emails, these were also sent to senior individuals affiliated, supportive of the organisation both at home and abroad; thus a closed information network was created; with some changes these notes were leaked to the press sympathetic of the organisations actions and beliefs; thus Ocalans terrorist organisation and its cause was furthered and advanced through the mediation of the lawyers "meeting notes" and Ocalan was able to direct and instruct the organisation through these notes.

During the years 2005-2011: the suspect had meetings with Ocalan 16 times.
